Tigard OR, 97224

If I were the Mayor, I would put an all abilities park in Tigard. Tigard's vision is to be the most walkable community for people with all abilities. It would be great for our community to be able to include kids with disabilities and even parents. We have so many dog parks, skate parks, trail parks, soccer fields, and we even have a windmill park but we don't have an all abilities park. We have some unused park space right now and I think it would be the perfect opportunity to start building an all abilities park.
